- Includes 400 page sales presentation binder

**Import and Preview
Clip Art in CorelDRAW
with Smart Designer**

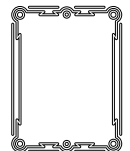

Fully Integrated with Smart Designer™, our Add-on Software for CorelDRAW™

- Smart Designer creates designs automatically inside CorelDRAW using Smart Templates™, the software will prompt the user to change the text, choose new clip art from the EPS Clip Art Library CD and select a size for a specific product
- Locate and import images by keyword using Smart Designer Clip Art Browsing features
- Auto-detect the CD and display thumbnail previews by folder, simply click on a thumbnail to import a image directly into a design or template
- Replace a selected image by clicking on a thumbnail
- Place a template or clip art image on a product blank or template with a click of the mouse
